Saturday, November 4, 2023

-

notes:

The stations are listed in chronological order.

Times in UTC.

Exact times are provided for educational purposes. I view it as an ethical violation if you use this log to locate the same stations in your SDR recordings (made in Finland) at the same date and time in order to obtain verifications from them.

+ = the station has not been heard before in Finland, AFAIK

x = I have sent a reception report to the station by the time of publishing this log

xx = I have also received a QSL by the time of publication
