Dear Mika,

As a board member of Sierra Broadcasting Corp. I got a copy of your E mail. What a fascinating hobby. I told my 27 year old daughter of your hobby of collecting the different radio signals you have heard in Finland and how you spent a part of your vacation in -30 degree weather to do it. She said this guy needs to "get a life." From your photo it looks like you have a beautiful life.

I am a dentist in Napa, California. My web site is www.napadentist.com. I along with about 10+ others bought the station as an investment. It is in my retirement account and has done very well the last 10 years.. We own an AM, FM and several repeaters for Lassen County. I am sure the president and CEO of the corporation, Rod Chambers will or has already sent you information about our broadcasting company and KSUE.

I just wanted to send you a note and say hi. Of course if you come to Napa you are welcome to visit her and have a place to stay. Napa is a famous for its vineyards and wineries.
